Anleitung:

Es gibt jeweils ein 1er und ein 2er Blatt. Zwischen 1er und 2er Blatt soll möglichst viel Platz und ein paar Hindernisse (Sessel, Tisch, Decke usw.) sein. Das Kind soll sich eine Bildreihe anschauen, merken und über die Hindernisse zum 2er Blatt gehen, laufen, krabbeln oder hüpfen. Dort soll es die gemerkte Bildreihe abhaken. Am Schluss bleibt eine übrig.

Tipp: Man kann die Blätter auch folieren und immer wieder verwenden.

Variante: Falls es zu Beginn noch zu schwer ist, kann man die 2 folierten Blätter auch nebeneinander legen und mit einem Stift die richtigen Bildreihen verbinden lassen.
