

# Symptomtraining Dyskalkulie

## Arbeitsblatt

Erfasse die Menge spontan ohne abzuzählen, indem du einzelne Zahlengruppen erfasst.

Anschließend schreibe die Menge so sortiert, wie man sie schneller erkennen könnte, z.B. paarweise.

|                                                                                     | Summe |  |
|-------------------------------------------------------------------------------------|-------|--|
|    |       |  |
|   |       |  |
|  |       |  |
|  |       |  |
